

CUSTOMER NOTICE

It is with deep regret that we have been forced to once again increase our fish prices.

Prices continue to rise sharply. Currently, global fish prices are at an all-time high. Unfortunately, there seems no end in sight, and the National Federation of Fish Friers reports that cod supplies have become 75% more expensive since October.

Packaging, fat and peas also continue to rise at an alarming rate. As a small business, we are unable to keep absorbing these costs. The prospect of soaring energy prices is also a major concern for us.

We are constantly monitoring the situation.

Thank you for your continued support.

Brian & Sarah
